Projects

Find Your Stay | Full-Stack Web Development (MERN)- find-your-stay-maao.onrender.com/listing

- Built a full-stack accommodation listing platform inspired by Airbnb, allowing users to create, browse, and manage property listings.
- Implemented user authentication and authorization using **Passport.js**, with session-based login and protected routes.
- Integrated **MongoDB and Mongoose** for managing users, listings, reviews, and application data.
- Integrated **Cloudinary** for secure property image uploads and media management.
- Developed responsive interfaces using **EJS, Bootstrap, HTML, and CSS** with a focus on usability and clean layouts.

Personal Portfolio Website | React.js & Tailwind CSS - portfolio-shaquib.netlify.app

- Designed and developed a responsive personal portfolio to showcase skills, projects, education, and contact information.
- Built reusable React components for sections including Hero, About, Skills, Projects, Contact, and Footer.
- Implemented responsive layouts and modern UI interactions using Tailwind CSS and Framer Motion.
- Added dark/light mode, responsive navigation, project cards, social links, and an interactive contact section.
- Deployed the portfolio online with a focus on responsive performance and professional presentation.

Fix My Area | Full-Stack / Front-End Web Development – fix-my-area.netlify.app

- Built a civic issue reporting web application enabling citizens to report road damage, water leakage, garbage issues, and streetlight failures with images and descriptions.
- Designed a responsive, user-friendly UI with modern web technologies, focusing on usability, clean layouts, and mobile-first accessibility.
- Implemented complaint tracking and real-time status updates to improve transparency between citizens and municipal authorities.
- Integrated REST APIs for efficient data handling, image uploads, and issue management across the platform.
- Delivered a scalable, citizen-centric digital solution aimed at improving communication and speeding up issue resolution.
